

## AMENDMENTS TO THE SPECIFICATION

At page 2, please amend paragraph 4 as follows:

[0004] A conventional prefabricated shearwall 20 is shown in the perspective and cross-sectional views in Figs. 1 and 2. The shearwall includes an interior diaphragm 22 formed of thin gauge sheet steel which is affixed to an exterior wooden frame 24 (not shown). The diaphragm is conventionally planar with the edges along the length of the diaphragm being formed to respective lips 26 and 28. The lips 26, 28 allow the diaphragm to be affixed to the wooden frame.
